

IMPACT 70L & 70M

BATTERY-POWERED LIFTERS FOR OFFICES, WORKSHOPS AND RETAIL

The battery-powered Hovmand 70L and 70M lifters will enhance **efficiency** in your work processes and ensure **health** and **safety** – in your office, workshop or retail shop.

The Hovmand Impact 70 lifters move, lift and handle up to 70 kilos **simple**, **efficient** and **elegant** and are **easy** to move around for all users.

The intelligently designed lifters make it possible to create new **opportunities** in your workflow and -routines.

In addition, use of the lifters in your office, workshop or retail shop **reduces** or **eliminates** the risk of repetitive work injuries due to lifting, moving and handling of heavy objects.

WHY AN IMPACT LIFTER

- Speed
- Operation
- Maneuverability

LIFTING TOOLS

Platforms – wooden or plastic – for **boxes** and **crates**.

Booms, double-booms and V-block for efficient handling of **reels**.

CAPACITY AND LIFTING HEIGHT

The lifting **capacity** of both lifters is 70 kg with strokes of 1,300 mm (70L) and 1,700 mm (70M).

LEGS AND WHEELS

Fixed legs in aluminium anodised red.

Front wheels: Ø75 swivel

Rear wheels: Ø125 with brake

MAST & LIFTING FUNKTION

Mast in anodised aluminium and steel sledge with precision ball bearings. The lifters are equipped with **strong**, **energy-efficient** 24V DC motors and are driven by steel reinforced cam belts with no special **maintenance** required.

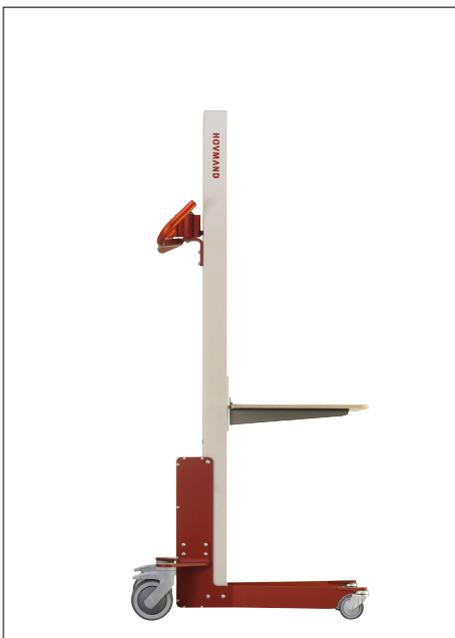

CONTROLS

The 70-series is **easy to use** with its state-of-the-art fingertip control switchgear, the Hovmand Commander. With this Commander, you can operate the lifter from wherever you are standing.

SAFETY

All movable parts shielded, and the lifters have overload protection and a security clutch. The lifters are delivered with **intelligent** recharging.

WE IMPROVE OUR CUSTOMERS' WORKFLOW WITH INTELLIGENT LIFTING AND MOVING SOLUTIONS
